Rouch Rebar	11/18/16	Rebar	phone 11/23/16

3. For each item of work made available, indicate whether the Bidder provided plans and specifications specific to the items of work being offered, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE. Provide copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

	<input type="checkbox"/> YES <input type="checkbox"/> NO					
	<input type="checkbox"/> YES <input type="checkbox"/> NO					
	<input type="checkbox"/> YES <input type="checkbox"/> NO					

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above. Provide evidence as to why additional agreements could not be reached for DBEs to perform work.

4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

Description of Outreach	Dates	Location (if applicable)	Results
E-Mail	11/23/16		No Interest

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

We outreached through emails and phone calls to many electrical and low voltage contractors to do partial work to be able to reach the DBE requirement of 9%.

None were familiar with weather equipment.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

Please see attached email. We also posted on the bidder's website advertisement for this project.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

The material for this project is about 60% of this total project and it's all specialized material. None of the manufacturers or suppliers are DBE certified.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

9. Include additional data to support a demonstration of good faith efforts.

For this project the only way to achieve the DBE requirement is by finding a low voltage contractor or supplier to do partial work since those items are 85% of the project.

Only one supplier was bidding this project and is not DBE. Kanaan Construction does their own low voltage work in house, however we offered partial work to about 20 low voltage contractors, non were interested because they needed special training or experience in weather equipment.

**NOTE:** USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.
